## Executive Order

NUMBER THIRTY-FOUR (2024)

### DECLARATION OF A STATE OF EMERGENCY DUE TO HURRICANE / TROPICAL STORM DEBBY

#### Importance of the Issue

On Tuesday, August 6th, I verbally declared a state of emergency to exist for the Commonwealth of Virginia based on National Weather Service and National Hurricane Center forecasts that indicate a tropical storm / hurricane is likely to cause significant rainfall and flooding across the entire Commonwealth that could cause transportation difficulties and power outages.

The Virginia Emergency Operations Center has been actively monitoring the movement of severe weather heading toward Virginia, with anticipated arrival on the evening of Wednesday, August 7, 2024. The National Weather Service and National Hurricane Center forecasts are predicting the potential for tropical storm force winds, heavy rain, and severe flooding across the entirety of the state. Accordingly, the pre-positioning of response assets and supplies will be necessary to assist our local and state partners. The Virginia Emergency Support Team will activate for this incident.

The health and general welfare of the citizens of the Commonwealth require that state action be taken to help alleviate the conditions caused by this situation. The effects of this storm constitute a disaster wherein human life and public and private property are imperiled, as described in §44-146.16 of the Code of Virginia. Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§44-146.17 and 44-75.1 of the Code, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's Armed Forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with §44-146.13 et seq. of the Code.

Following a declaration of a local emergency pursuant to §44-146.21 of the Code of Virginia, if a local governing body determines that evacuation is deemed necessary for the preservation of life or other emergency mitigation, response or recovery, pursuant to §44-146.17(A) (1) of the Code of Virginia, I direct the evacuation of all or part of the populace therein from such areas and upon such timetable as the local governing body, in coordination with the Virginia Emergency Operations Center (VEOC), acting on behalf of the State Coordinator of Emergency Management, shall determine. Notwithstanding the foregoing, I reserve the right to direct and compel evacuation from the same and different areas and determine a different timetable both where local governing bodies have made such a determination and where local governing bodies have not made such a determination. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.

This Executive Order also covers preparatory actions for this event that began on August 6, 2024.
